

Wednesday 18th May

10:00 - 11:00
**System Integration
Manager (SIM) Basics**

Seddon Kirk

From installation to data imports, this session will take you through the journey of your first integration to CELCAT using SIM.

11:00 - 12:00
SIM - Extra Power

Carlos Bertrand

Do need to extract data from CELCAT? If the answer is yes, then this is the session for you. Covering export schedules, mail merge, the SIM Web API and much more.

12:00 - 13:00
Features in SIM

Seddon/Carlos

What else does SIM offer? How do you use other functionality, such as diagnostics and database explorer? This session will explore the other parts of SIM.

Lunch

14:00 - 15:00
**Simplifying Data Handling for
Automation in SIM**

Josselin Lamberti

A real world example of using SIM imports and exports to facilitate data manipulation and enrichment in preparing for automated timetabling.

15:00 -16:00
Live Reports

Seddon Kirk &
Carlos Bertrand

A new take on reporting from CELCAT. Building on a session from last year's CELCAT User Conference, this is a hands-on look at this new offering.
